Miss China DUNING attended GOLDERS GREEN SNT BASE at 1830hrs and spoke to PC 726SX BEWERS with regard to concerns for her friend, Anthony WALGATE, who she had not heard from for two days, which was very unusual.

She stated none of his friends had heard from him either since Tuesday 17th June 2014. He texts/messages his friends very regularly.

Miss DUNNING informed of Mr WALGATE's death and provided the following details:

She has known him for around 4 years when they went to Barnet College together and now attend MIDDLESEX UNIVERSITY.

She confirmed WALGATE was gay and worked as a prostitute for male clients. He used Grinder to meet men and also an unknown website to advertise his prostitution services.

Miss DUNNING believes WALGATE had been doing this for around 3 years. She confirmed that he had never come to any harm, that she knew of, as part of this job.

The last time Miss DUNNING saw WALGATE was on Sunday 15th June 2014. On Sunday night, WALGATE received a message from a Joe DEAN who enquired as to whether WALGATE could do an overnight stay and how much this would cost. WALGATE told him £800 and DEAN immediately agreed. WALGATE requested his name, date of birth and address for safety. This was given as

Joe DEAN  
Dob 02/02/1986  
72 St ANNES ROAD, IG11 7AF

For safety reasons, WALGATE forwarded this message to Miss DUNNING. Joe DEAN told

19/06/2014 21:24

PC 235274 726SX OB BEWERS

WALGATE (all via messages) that it was not his address and he was house sitting for friends in South Africa.

Joe DEAN also sent a photo which was of a white male, 28-30 years with possible acne scars. He was of a skinny muscular build and he had spikey blonde hair. It was a selfie-style photo with his top off.

Miss DUNNING stated WALGATE was nervous about the meeting with Joe DEAN as he had immediately agreed to the fee which is very unusual.

Over Monday and Tuesday, WALGATE was messaging his friends.

At around 2200hrs on Tuesday 17th June 2014, Miss DUNNING said Eleanor GREEN messaged WALGATE and said he couldn't talk as he was about to go to a job - believed to be meeting Joe DEAN.

No one had any further contact with WALGATE which raised concerns as he usually leaves his clients at around 0800hrs the next morning and tells his friends he is okay.

After providing the above details, Miss DUNNING went with officers to WALGATE's home address as she only knew it by sight.

Anthony WALGATE's address confirmed as:

**DPA**

It is a multi-occupancy address and WALGATE's room is on the top floor and the last on the right. It was locked and the door was slightly warped.

Kiera BRENNAN attended GOLDERS GREEN SNT BASE to support Miss DUNNING. She is also a friend of WALGATE's and confirmed the above details. She last messaged WALGATE at around 1800hrs on Tuesday 17th June 2014.

Both Miss BRENNAN and Miss DUNNING believe WALGATE's mother to be Sarah SAK, married to a Turkish man, Sammy SAK. They believe she is currently in Turkey on holiday and recently moved

I received a phone call from Victims Auntie Phil Fitzgerald [DPA] tonight who is looking after her brother the victims dad Thomas WALGATE. she was asking for an update. After speaking to DS O'Donnell I advised her that the Special post mortem was done and it was inconclusive and we would be awaiting further tests. She also asked me why he was in the area. I advised her that at present we are not sure but believe he was meeting someone. I advised her that we would keep her updated.

I have called Kiera BRENNAN re the previous entry on p16 by A/PS Huard - message left with contact details.

PC 221918 675KG DP PARISH

I have today attended the home address of Mr WALGTE. The premises are behind the parade of shops on the main road. The address is split over three levels and split into individual rooms. In the company of police was Mr Walgate's friend China DUNNING.

Upon entering the premises the door the Mr Walgate's room appears to be slightly open but is in fact shut and locked. Attempts were made to contact the landlord of the property STEVE on [DPA] but there was no answer. A message was left asking him to make contact with police but at this stage there has not been any. The estate agent used to let the property is in the same road and is called ENDEAVOUR ESTATES. A letter was posted through the letter box asking them to make contact with police as soon as possible.

The decision was made not to force entry to the property as the landlord will be able to meet police at the address and open the door.

Police dropped DUNNING at her home address. Whilst on the way back to her address she stated to police that she had known WALGATE for a number of years. She stated that she was aware that he

22/06/2014 20:59

PC 221918 675KG DP PARISH

was a male prostitute and that he would meet people using "GRINDER" but also had a male prostitute website which he would use to meet potential clients. She did not know what this website was as WALGATE kept this a secret as he did not want them to see the pictures of him.

She also made reference to the fact that he would take a pair of fabric scissors and a small knife with him when he met his clients for protection. It is unclear at this stage what is present inside Walgate's bag.

I shall update this report further.

IO UPDATE  
\*\*\*\*\*

NOK contact:  
-----

I have spoken to the deceased's mother Sarah this morning. She spoke with her sister while overseas and found out about what happened so she took the next flight back. I explained the process currently in place re Coroner's inquest and pathology samples to be examined. I said we would appoint a FLO and explained the role to her which she was satisfied with. I have also provided my desk-phone

She is happy for his friends (esp. Kiera) in london to act as agents for the family. I have made preliminary arrangements for a FLO which will be confirmed today.

IMPORTANT:

\*\*\*IT IS UNCLEAR WHETHER THE FAMILY KNOW HE WORKED AS AN ESCORT. DO NOT DISCLOSE THIS OR MENTION THIS ASPECT OF THE CASE WITHOUT SPEAKING WITH THE IO OR FLO FIRST!

#### Exhibits

-----  
DC Parish has catalogued and stored the samples retrieved from the PM in preparation for submission for analysis. The deceased's bag has been retrieved from the property store and its contents will also be catalogued and stored appropriately.

#### Investigation Strategy

-----  
Considering the HAT advice to-date I have determined the following enquiries are required to progress this matter sufficiently for a Coroner's Inquest. Should any information come to light that would suggest criminal activity contributing to his death, this will be reviewed with the HAT.

#### Mobile phone records:

His mobile phone has not been recovered - I am told by a number of his friends/family that it is very unusual for him not to have it. We currently have his phone records as of Sunday 15/6 and they are in the process of being examined by an analyst due to the complexity of the data.

#### Movements on public transport:

We have commenced oyster card/cctv enquiries with TfL.

#### Social media activity in the week leading up to his death:

I understand he was due to meet a client in the IG11 area and indeed travelled to Barking on the 17/6. He last contacted his friends on the evening of 17/6 (2200hrs), saying he couldn't talk as he was "working".

We are going to search his room in Golders Green and recover his lap-top computer and any other relevant items. This will be sent for analysis. Open Source enquiries should also be made.

#### Financial enquiries:

We will look at his account usage leading up to his death.

#### Further local enquiries:

We have details of a

23/06/2014 14:34

DS 218313 MW O'DONNELL

potential client he met that week so we will attempt contact them if the details prove to be genuine. We will also make enquiries in the area where he was found.

Pathology:

As advised by the CSM, these will be sent for toxicology as well as the "sex" swabs for analysis. A vial of what is believed to be "poppers" (a drug such as amyl nitrate) which was found in his bag will be sent for f/p and DNA analysis.

A FLO will be assigned today - to be confirmed with FLO coordinator..

23/06/2014 23:01

TDC 230923 944KG P SLAYMAKER

I have been appointed as FLO for both Mum Sarah SAK and dad Thomas WALGATE. I will also be liaising with Anthonys friend Kiera. All records will be kept on FLO log. DS O'donnell has been emailed with update on initial contact.

circumstances and stated that and action was a matter for KG to consider and that the original MIT team - MIT 20 - would provide advice and assistance. He confirmed that MIT 20 would be informed of the request.

(See Lines of Enquiry).

10. PHONES;

CIU have been tasked to conduct enquiries in relation to the victim's mobile number. At this time the handset remains outstanding.

11. PHYSICAL EVIDENCE;

Exhibits have been seized both from the scene and the Post Mortem.

A Forensic Strategy Meeting will be held with the BFM / CSM regarding submission of exhibits for examination. (CSM has provided advice at the PM).

11. INTELLIGENCE;

At this time Intel products have been requested on the following persons;

- i) VIWI - Mr Anthony Patrick WALGATE
- ii) Mr Stephen PORT. Of note is that there is a previous allegation of crime against Mr PORT - subsequently NFA - that he had un-consensual anal sex with a male after making him take 'poppers'. Currently awaiting full details.

12. LINES OF ENQUIRY;

- i) Outstanding CCTV from LBB & D.
- ii) Outstanding CIU enquiries.
- iii) Review of Local Directed Enquiries & possible Anniversary Visit.
- iv) Statements from victim and outstanding witnesses(s).
- v) All actions have been raised on CRIS ADR screens.
- vi) WARRANT;

I have requested that L/T & N/D CID conduct enquiries in order to obtain a Section 8, PACE 1984 Warrant to search the following address;

COOK STREET, BARKING, ESSEX, IG11 7AF.

Grounds; as outlined above - Mr PORT has made arrangements to meet the deceased. He has provided a statement to police and gave a false account. There are grounds to believe that

13/08/2014 21:07

DS 218313 MW O'DONNELL

Due to the dissemination of actions and the timescales that the material collected has arrived it has been impractical to record on CR. That said I will request a resume of PORT's interview to be added. He is currently on bail.

Walgate's property has been recovered from his room and vacuum sealed in 2 crates by property services. This was due to the letting agency stating they would clear the room in order for it to be re-let. I requested photographs of the room prior to its disturbance to retain general locations etc.

Update:

WALGATE mobile phone usage:  
-----

Call data for 07974066331. (report by Kevin Butler - analyst)

For the period 10:53 on Sun 15/06 to 16:32 on Tue 17/06 the phone is cell sited in the [DPA] area ([DPA]).

At 21:43 on Tue 17/06 the phone hits cell EC1M 5LG (Farringdon Station area) - this is recorded as GPRS activity, there is no voice or text calls until the phone disconnects from the network.

Between 21:43 and 22:10 the phone travels through E1, E3, E13, E6 and into IG11, settling on aerial IG11 8LS (Harts Lane area) at 22:10

There is GPRS activity between 22:10 and 22:41 indicating internet browsing or internet enabled chat, eg instant messaging such as WhatsApp, Facebook Messenger etc

No usage seen between 22:41 and 00:00 on Wed 18/06 where there is a GPRS connection (in my experience, this is probably a case of the network refreshing the user's connection as it moved into the new date period, it could indicate an automated event and not the user doing anything physical to the telephone)

DS 218313 MW O'DONNELL

I have received the toxicology report and forwarded it to the Coroner:

**Conclusions**

1. GHB was detected in Mr Walgate's blood and urine at high concentrations which could provide a toxicological explanation for death.
2. The presence of citalopram, diphenhydramine and chlorphenamine were also detected at concentrations broadly consistent with the use of therapeutic amounts.
3. A low concentration of alcohol was detected in the blood and urine which may be the residue of alcohol consumed at an earlier time as described above.
4. With the exception of the solvent, 1-propanol, and quinine, caffeine and nicotine, none of the other substances listed under Nature of Examination were detected and Mr Walgate would not have used such substances in significant amounts in the hours leading up to his death with the possible exception of the alkyl nitrites ('poppers').
5. The presence of GBL, which is converted to GHB in the body, was detected in the liquid in the brown bottle, item DGP/17.

DS 218313 MW O'DONNELL

I have received an email from the FPS that Dr Biedrzcki is in receipt of the toxicology analysis and will examine the heart and brain of the deceased further.

He has requested for the samples to be taken to Greenwich Mortuary for next Friday which I will arrange.

30/10/2014 09:02

DS 218313 MW O'DONNELL

The organs have been reunited with the body by DC Parish and Dr Biedrzcki does not require any further samples for examination. Any outstanding actions are being reviewed and completed as appropriate and an updated report has been passed to A/DI McCarthy by me for submission to SC&O1 SIO for review and comment.

I requested DC Parish complete an MG3 and I have endorsed it for submission to the CPS. I would consider the charge of Perverting the Course of Justice appropriate considering the false statement made by PORT resulting in a far more protracted investigation than would have otherwise taken place. Further to this, the family have also been subjected to a period of uncertainty while the deceaseds movements were established which further aggravates the offence.

Awaits CPS response and SC&O1 advice.
