I write this statement referring from memory and also referring to an intelligence re PORT submitted very shortly after the incident.

On Wednesday 4th June 2014 I was on duty at Barking railway station. I was in the BTP office on platform I when at around 2130 hours station staff on the concourse used the station radio requesting assistance from BTP. The member of staff explained that there was a male who appeared intoxicated on the concourse and another male was going through his bag and it appeared to be an attempted theft.

On arrival on the concourse we found [DPA] male in company with a white male. On approaching the [DPA] male he was very incoherent and unsteady on his feet and was throwing up a green liquid. We immediately requested an ambulance for the male and attempted to get as much information as possible from him. The [DPA] male provided his details as [X3] [X3] born [redacted] /1991. He had a university ID card and driving license that confirmed these details. I separated the white male from [X3] and began speaking with him. This male was very on edge appeared disorientated and also possibly under the influence of something he was also evasive with answering my questions. I obtained his details as Stephen John PORT, born 22/02/1975 residing at 62 Cooke Street, Barking, Essex, IG11 7AF . He stated that he had met [X3] on the internet and that they had been for a drive a few times. Mr PORT stated that he did not know what had happened to [X3] because [X3] had turned
