SECTION B – JOB DETAILS (Enquiries 761808)**Job Details:**

I am Family Liaison Officer for a family that lost there son in London last year initially in unexplained circumstances. There was a crime scene at the victims home address for several weeks, before a decision was made to forensically clear the flat of his property just in case anything was needed as evidence. I have spoken to Stephanie Hall at Mandella Way and she was very helpful and advised me that the property is 2 pallet loads and is currently in deep storage in Woolwich where at present it is easily accessable the reference is 14/23390. We are now able to release the property back to the family who live in Hull. The family do not have the funds or resources to get this property back up to Hull themselves and at present the family are still awaiting the inquest date which is to be held in Hull. This has and still is an incredibly difficult time for the family and do not want them to have any added stress. I would like to be able to arrange for the property to be taken up to there address in Hull and I have the support of my DCI, Mr Tony KIRK. I have been advised that this is possible and Stephanie HALL is happy to be liaised with to get further details of the property etc. Please could you advise on some dates that this can be done and if there will be any authority needed and any cost to the borough for this. If there is to be a cost could you advise how much.
