available to him.

X1 confirmed as he had stated on the phone that he did not wish to pursue this matter and provided us with the following withdrawal statement:

On Monday 31st December 2012 I was in the Barking Dog Public House in Barking with my friend Stephen Port.

I have known Stephen for two months and I met him on a gay website called Badoo.

We had only been in the pub an hour when we had a heated conversation regarding problems in our relationship, stemming from demands Stephen makes on me.

I was feeling stressed, I don't like New Year and was just waiting for it to pass. Stephen continued making verbal demands and I began to feel suicidal.

I went to the toilet and hit a wooden door with my right fist. I tried to calm down but couldn't. The situation got more intense and then the police arrived.

I spoke to a male officer and explained how I felt with regards to my emotions and the pressures I was feeling from Stephen. I also told him Stephen was forcing me to do sexual acts I wasn't comfortable with.

By forcing me I mean that he would encourage me to drink large amounts of alcohol to get me started for poppers. He would then give me poppers to sexually arouse me. I wasn't comfortable with this at all but I didn't say anything because I was scared in many ways about how he would react.

Stephen would not have known that I did not want to do these sexual acts, as I never said anything to indicate this, but I didn't.

I have spoken to officers from the Sapphire Unit. They have explained their role to me and the role of the unit. They have also explained the options available to me.
