Today Myself and DC Baxter attended Lambeth with Exhibits for Toxicology to be conducted these were accepted by the lab. They have advised us to call them next week to get an estimated date for results.

We then attended John Papes address who is Kovari's flat mate to attempt to search address and get a statement. He was not present at the address and his phone was switched off. We have left a note asking him to call us.

We then attended ISS food and hospitality where Daniel WHITWORTH worked. We spoke to HR a lady called Siobhan. She is going to email me and DC Baxter Daniels shift pattern and attendance, also sickness and

holidays and in particular if Daniel was at work on the 28/09/2014. she is also going to provide when he started employment.

Siobhan stated that Daniel was very hardworking and a very good Chef and had recently been promoted and was going to be moving to a new place in Kent. As far as she was aware he was happy about all this. She mentioned there was no change as far as she could tell in Daniel the last few weeks. She mentioned an incident where another member of staff was sacked recently for drinking on duty and all staff on his team including Daniel wrote statements to HR witnessing this. She the person was quite abusive when he was sacked to wards everyone. She is going to provide details for him as he was sacked on the wednesday before Daniels last day at work but beleives this is just a coincidence.

We spoke to Dan wilson who is the head Chef and he stated he was away on holiday over the last few days Daniel was at work but did not notice any change in daniel at all whilst working with him. he states he was hardworking but kept himself to himself and seemed a personal person.

We then spoke to Daniel O'connell who is another work colleague he states he knoew Daniel for around 9 days and did not know much about him. They spoke about work stuff and used to leave and get on train together and get off at Lewisham to go home. He states on Thursday the 18/09/2014 he had an interview and told Daniel he would be going the other way on the train tonight, Daniel mentioned he was going the other way to and said he was meeting friends in barking. There was nothing else said about this. He states Daniel got
