<u>10/07/14</u> <u>1026</u>	<p>I called Sarah back tonight after I had a Missed Call from her yesterday. She was asking if there was any update. I advised her we are still waiting for results, she was concerned that these are taking a while as in Hull they would take 2 weeks. I explained that we are in the labs hands and I would let her know as soon as I was told. She feels Anthony is becoming just another number in London, I assured her this was not the case. She was again concerned about Anthony's property. I explained that the landlord has been advised not to touch anything and that I have passed her concerns to officers dealing with this. I said I would call as soon as I had an update. She seemed to be upset and crying down phone.</p>

11/08/14 2137 to 2215	<p>I called Sarah and spoke with her she has advised me that Thomas (Anthony father) has<sup>nt</sup>, has been in contact with her and has stated that he has received some texts from a phone number (DPA) [DPA] 586 stating things like I was Anthony partner and he used a lot of drugs and could not talk to you about him being gay. Thomas has established from texting back that the person is going by the name of Dan who Sarah believes is Anthony ex of over two years ago. Sarah is suspicious of this as she cannot work out how he has got Thomas's phone number and writes that this person might have Anthony phone. I have asked her to text them to me and I would then forward them to Martin Odomar. She is going to later tonight. I told her that I had had a conversation with CI PAUL CUNNINGHAM and he told me that you</p>

<u>Continued</u> <u>Overlook</u>	<u>had concerns. Sarah explained that she felt I was not in contact enough and she would like me to call her at least once a week even if I didn't have updates just so she knows we are still working on it. I advised her I would do that and told her that I am very open minded and open to any concerns she has and she can always tell me her concerns. She received my booklet explaining the Role and understands it a lot better now. She also had an officer called in person and explained it in more detail so feels satisfied about it all now. I then told her that the lab had informed us that the target date is the 2/10/14, but also said I had been in contact with lab to see if they can speed things up and I would let her know if I had any news. I also informed her that on Tuesday Anthony Items will be moved.</u>

<u>1/09/14</u> <u>051</u>	<p>I called China back and she advised me that she had spoken to Sarah and that the toxicology had come back with no drugs in his system. I corrected her stating that I had said there were drugs found in the system but no trace of Cocaine or Heroin and we are awaiting pathologist to review. China mentions that if GFD was found she doesn't think Anthony would hold that of our record.</p>
