23/06/14 2020	I have spoken to Sarah SAK, Anthony's mother. She confirmed that she flew back into the Contry from Turkey this morning. I introduced myself and stated I would be her family liaison officer. I explained my Role to her and she understood. I updated her telling her that the special post-mortem had been completed and we were awaiting results from the coroners office. I stated I could not give her any time frame at present but I explained the coroners process to her and that they would be making every attempt to release anthonys body ASAP. I explained that we are treating anthonys death as unexplained but not suspicious at this time, and explained that we would be keeping her up to date on the progress. I provided her with a mobile phone number, landline number and explained that I would email her

23/06/14 1610	Sarah called me stating she had seen on the internet someone had been arrested in connection with Anthony's death. I asked if I could get an update and call her back. I had email on SIO update emailed to me by DS Turrell. After a conversation with DS Turrell I provided Sarah with the following update. I explained to her that a male has been arrested for perverting the course of justice and stated we have suspicion he may have had to do during enquiries and we needed to obtain this via an interview. He has now been bailed pending further investigation and toxicology reports. I explained we are still treating Anthony's death as unexplained and still awaiting toxicology results from post mortem. She asked if this male was Joe the guy he was supposed to meet. I stated I do not know that but is possible. I explained I would speak with OIC
