### **3.5. Devices seized in relation to Stephen Port**

No phones have been seized from Port to cover the period of deaths of Kovari or Whitworth. Messages to/from Ryan Edwards show that Port appears to have been changing his phone number during this period and may therefore have disposed of relevant phones.

A laptop was recovered from Brighthouse which had been purchased by Port on 01/08/14 and sold back to Brighthouse on 30/09/15 when it was then partially 'cleaned' and sold on to another customer who used it for several months prior to police obtaining it.
