3.2.1. IJA/11 – Samsung Note

The information obtained from this device relates to a Whatsapp conversation string between Karl Kamedon and Gabriel Kovari several days prior to Kovari's body being found. As can be seen in this conversation, Kovari states that he has now moved in to a new address and sends a Google map image with a locator showing Cooke Street. He later sends to Kamedon pictures of the flat which have been confirmed as being pictures of Port's address at 62 Cooke Street:

3.2.2. Summary of evidence relating to devices seized from Karl Kamedon

The messages between Kamedon and Kovari start on 23/08/14 at 2328hrs and indicate that Kovari had just moved into a new flat which he pinpoints on a Google map as being in Cooke Street Barking. Shortly after 1300hrs on 24/08/14 Kovari sends Kamedon some photos of the flat which have been confirmed as being Port's address at 62 Cooke Street. Kovari also states that he doesn't want to sleep with Port. The last message from Kovari is on 25/08/15 at 0551hrs when he replies to Kamedon's earlier question of 'How are you' with 'I'm fine'.

- On 23/08/14, Gabriel Kovari sent Karl Kamedon a Google maps image of Cooke St stating 'just moved'. He goes on to state that he sleeps on the sofa and in relation to his landlord, Kovari states 'I don't wanna to sleep with him in his bed'. He then sends Kamedon a series of photos of Port's flat at 62 Cooke Street when asked 'is it modern inside?' The last message from Kovari to Kamedon is on 25/08/14 at 0551hrs when he states 'I'm fine' in response to an earlier question of 'How are you?'.
- On 24/08/14 at 17:47hrs, Port sends a message to Ryan Edwards stating 'Hey nighbour..Come meet my new Slovakian twink flat mate....'. Several hours later, Edwards sends a message to Port stating 'I though Gabriel was really nice!...' On 26/08/14, when Edwards goes on to ask Port how Gabriel is, Port responds that Gabriel has 'gone to stay with another local guy'. The messages continue and Port eventually states that Gabriel has died in Spain. Of note, Port sends a message to Edwards on 26/08/14 at 14:53hrs 'My new number, delete other one...Stephen ur nighbour' and this is from a new mobile number at the time that Gabriel goes missing. Again, on 30/09/14, Port sends a similar message to Edwards again changing his number, ten days after the death of Whitworth.
- A laptop recovered via a company called Brighthouse which had been owned by Port during September 2014, reveals that Port watches drug rape porn on 19/09/14 between 19:59-23:12hrs. The following day the body of Whitworth is found.

7.3. Devices seized covering the period between the end of September 2014 and the start of September 2015.

The computer and phone owned by Port which were seized back from Brighthouse by police (GW/150 and CRT/24) both cover this period and hold relevant data:

- There is reference on Port's laptop to the drug mephedrone being searched for under the Firefox browser.
- There is evidence of drug rape porn being watched on the laptop on 19/09/14; 04/10/14; 23/12/14; 24/02/15; 10/03/15; 05/06/15 (this one being the day after Port is released from prison); 27-28/08/15.
- The data stored on Port's phone CRT/24, relates mainly to photos, videos and Whatsapp messages. The period of time covered by the device is from 30/09/14 until 21/08/15. As such it does not cover the period of the murders and there is no evidence on this device relating to them. There is however, extensive evidence of Port's drug use and in particular his contact with a boyfriend during this time, [X4]. The messages between them show the constant insistence by Port that they should take drugs together, and Port's lies that these drugs are just legal highs. The Whatsapp messages between Port and his dealer Manuel show that prior to some of these meetings with [X4], Port is buying drugs including mephedrone, GHB and ecstasy. The videos on the device show Port having sex with [X4] on occasions when they then meet up, when [X4] is clearly unconscious and on one occasion, [X10] also joins in. On occasion there appears to be someone else also present in the room holding the camera. In addition, there are videos on this device of Port having sex with an unknown male with a ponytail. It appears that Port also has sex with this male whilst he is unconscious.
