Subject: Briefing note TAYLOR

This briefing note relates to the sudden death of Jack TAYLOR, the progress of the investigation to date and some issues raised as a result of the progress of that investigation to date that require further exploration/ investigation/ advice.

The body of JT, 20/06/1990, Male, IC1 was found in Barking Abbey ruins around 1315 hours on Monday 14th Sept 2015 (CAD 3750 refers)

10/09/15 Attends work as normal

11/09/15 Jack Takes a cab from his home address to his sisters in Robinson Road, at 1755 hours, leaving by means unknown to go to the Goose P/H in Romford as he does every week and meets with the same group of friends.

12/09/15 early evening, goes for a curry on Dagenham Heathway with Dan Hall and his [Dan's] girlfriend, withdraws money from the Halifax on the Heathway and is taken by Dan in his car to Trades Working club on Charleston Road arriving around 2200 hours. [Seen on CCTV arriving at venue]

He stays here drinking [but not getting drunk] with members including the club president till 0040 hours.

He returns home via a taxi at 0100 hours, he speaks to his dad at home, his dad recalls Jack caught him eating a bag of crisp when he is supposed to be on a diet. Tells his dad he is off to bed.

13 /09/15 0238 hours call a cab from HA to Barking Station arriving at 0248. He is seen on CCTV to loiter by the station for approx 5 mins, he is then joined by an unknown male, from the footage the two do not shake hands and there does not appear any familiarity or duress as they walk away from the train station towards the old police station. Through CCTV we have been able to track the two for a for approx 10 minutes before they go out of sight.

Approx 35 hours later TAYLOR body is found

The coroner noted the "needle mark", his sister has confirmed that he was right handed, this has raised questions, would a right handed inject themselves with their less dominant hand. Has some else potentially helped them.

T aylors sister has told police that he was anti-drugs and had no history of drug mis-use

He never missed sunday dinner with his parents, if he planned to stay out he would tell them prior to dinner

Outstanding mobile phone Forms submitted by DC ASH Mutty at request of Insp O'DONOHUE to start phone work initially the sub's enq as required, ahead of detailed information such as call data on advice of MPS CIU , numerous statements taken from work colleagues, family members, CCTV viewed and seized from several locations , taxi office records seized. Facebook details collected.

Consent has been given to investigate Jack's finances/Bank a/c's

Issues identified.

1. 35 hours from last sighting to body found
2. Phone missing. number , carrier & IMEI known as well as hand set make and model

3. Needle mark on right arm when right handed.
4. Cash advance taken, money unaccounted for [as yet - may still be in Bank a/c] and no clear reason as to why he needed it. T hough sister has mentioned SIA ambitions
5. No apparent history of drug mis-use.
6. No history of calling cabs at that time of night. Taxi records confirm this.
7. Family cannot understand why he went to Barking, his friend's circle were Romford based.
8. Manager of Trades Hall / friend mentions he had just split with G/F who is a police officer due to clashes of shifts but sister knows nothing about this relationship - this point albeit minor may raise a welfare issue of officer for MPS
9. Unable to identify the male who he met at Barking BR, funeral of TAYLOR took place on the 2nd of October , attended by around 120 guests, no one has come forward to the family as being the one to meet TAYLOR that night.
[Decent CCTV is available & has been siezed - need to identify a strategy going forward of how we use this to assist identifying the male with Jack in the town centre ie internally police viido/ externally press with agreement from family & coroner, as currently the last person to have seen Jack - albeit some 30-odd hours prior to the discovey of his body]

Total Policing is the Met's commitment to be on the streets and in your communities to catch offenders, prevent crime and support victims. We are here for London, working with you to make our capital safer.
