Gov

At present the HAT South will continue as liaison as the job is remaining with borough. The SIO is DCI Cliff Lyons 774950.

I have spoken to John Foster North Area Crime Scene Manager - he has stated that we would not gain anything evidentially from a Special PM on KOVARI as the body would have already been embalmed. If they looked at scene photos of the body depending how good these are then they could give an opinion if the body had been moved. We will seek to obtain a copy of the Pathologists report they obviously did not find anything of significant during the PM as they would have requested a special. GHB is not the easiest drug to detect, so we will also await the toxicology report as Dr Patterson has confirmed they have detected GHB in KOVARI blood.

The Special PM is scheduled for 1100 hrs on Tuesday 23rd Sept at Queens those are attending are as follows:-

A/DI Denley HAT SOUTH  
DC Patterson exhibits officer from SC&O(1)

A/DI Rolf Schamberger KG  
T/DC Paul Berry - KG Exhibits officer

continuity officer is PC Mark Yexley.

At this time DC Jackie Baxter will act as FLO for KOVARI and TDC Paul Slaymaker will act as FLO for WHITWORTH.

Just to keep you updated. As Paul has already spoken to Ricky the partner of WHITWORTH plus his father they are going to see them personally and also request the voluntary search of the H/A of WHITWORTH.

Thanks

Debbie
