Further MIT advice review was requested on 26.06.2014 via Det. Supt. SWEENEY. In light of this DI Andrew KELLY reviewed enquiry and provided officers from MIT7 to support the enquiry. Subsequently Mr PORT was further interviewed by MIT7 officers - DC HOLT & DC LEVOIR.

At this time only a handwritten account is available of notes. The interviewing officers will provide a full update over the weekend. The suspect again provided a full account and clarified details of his first account. He denied the allegation of theft of the phone and believed that it may be with the deceased's clothing.

Subsequently Mr PORT was further interviewed by MIT7 officers. ROTI attached. PORT made significant admissions regarding the arrangement to meet, having sex with Walgate and observing him take a number of substances. He states Walgate remained in his flat for some time before he moved him to the position in which he was found. Denies any involvement in his death.

ARREST UPDATE - CURRENT STATUS;

Mr PORT has been interviewed in custody on two occasions. He is currently on bail pending a decision re prosecution.

Consideration was given to approaching the CPS in relation to the allegation of 'Perverting the Course of Justice' whilst in custody, however this was decided against due to the outstanding enquiries i.e. awaiting result of cause of death etc. (DI KELLY appraised and agreed with this course of action).
