I am the above named person and I reside at the address overleaf I work for ISS UK Ltd and I work on the 11th floor, South Quay plaza 3, 189 Marsh wall, London, E14 I have worked here for about 3 weeks This statement refers to a male called Daniel Whitworth who is a colleague I used to work with. DPA P.S.

DPA Oct. I worked at ISS for about 9 days with Daniel who was on the same team as me. I would say we mostly spoke about work related things and maybe just general chat and about what we are doing over the weekends. I would say I did not know him very well. The nine days I worked with him he seemed happy and the same person everybody and gave me no cause for concern. He was going to be moving on a promotion to a new place that was opening and he talked about this a lot and seemed excited about it. On Thursday 18th September we were both in work as normal. At around 15:00hrs to 15:15hrs we both finished work and left the building. This is normal as we always used to leave and get on the train to London together. On this particular day I had a job interview so had to Daniel I am going the other way today he had to ride back to me he was going the other way
