MG14 RESPONSE TO CAUTION

I have been asked to make a further written response to the Regulation 16 Notice served on me by the IPCC on the 8th September 2016. I understand that I do not have to say anything, but that it may harm my case if I do not mention when interviewed, or providing this written response, something which I later rely on in any misconduct proceedings under the Police (Conduct) Regulations 2012. I understand this statement may be used in any proceedings under the Regulations.

I have been asked to address a number of specific matters as follows:

Actions taken to identify and obtain statements from "Jon Luck", and others identified by Thierry Amodio

24/9/14 11.37 I sent DC Baxter an email in relation to a conversation I had had with Jayne DAY the coroners officer stating a male by the name Thierry Amodio rang from abroad and provided a number – he was fishing for information re KOVARI - DC Baxter was the FLO - I later established DC Baxter did not complete a FLO LOG. I do not know if she made enquiries with the family re this person. I cannot recall if I spoke to DC Baxter about this.

DC Adeyemo-Phillips spoke to Thierry Amodio (email dated the 21/9/18) – who resides in Madrid Spain stated he was Gabriels ex-boyfriend – He had stated there was a ceremony to celebrate the passing of KOVARI on the 20/09/14. This was confirmed via a conversation that DC Adeyemo-Phillips had with KOVARI brother. As he resided in Spain there appeared no evidential value to obtain a statement. The email was forwarded by DC Adeyemo-Phillips to DC Slaymaker who was conducting the intel enquiries.

email to DC Slaymaker 22/09/14 at 11.13 hrs - advised DC Slaymaker to continue with phone work and to go back to at least the 28 August for any possible connections with KOVARI and cell site. To establish if this could also be done for KOVARI phone. Also asked Paul to confirm he has documented the CCTV enquiries.

email from the Night duty CID officer DC Danny Pridige dated 21/09/14 at 07.01 hrs - intel found face book account in the name of Gabriel KOVARI and Dan WHITWORTH and Rick WAUMSLEY - KOVARI account was completely restricted profile. WHITWORTH public profile - they navigated through friends list with no friends identified with the name of Gabriel KLINE or IDINE nor any other references to this name.

Actions raised by A/DI Scamberger to specific officers who then resulted them accordingly.

Reasons for undertaking, and details of the enquiries undertaken by DC Adeyemo-Phillips to explore links between Anthony WALGATE, Gabriel KOVARI and Daniel WHITWORTH, as outlined in the 'ongoing enquiries'

To see if there were any links between the unexplained / sudden deaths reported recently on the borough.

A/DI Tony Kirk – referring to an email dated the 29/9/14 - he asked for WALGATE name to be added to the list with AHMED, WHITWORTH AND KOVARI re a press interview again as they were at that time the unexplained/sudden deaths on the borough.
