I have spoken to Ricky Daniels current partner and he confirmed that Daniels mobile number is correct. He also stated that the email address Daniel uses for facebook is dan.whitworth@hotmail.co.uk and facebook name is Dan Whitworth. Faisal at open source has found a profile but there is no postings since the 14/09/2014 he will email me profile shortly. Ricky has confirmed that he does not know a Gabriel and Daniel has not spoken about him before.

I have appraised N/D DI Ian Bowles of above actions and he is satisfied that we have progressed this as far as we can at present. This has been handed to N/D.
