Dear Jayne,

Please find attached a report outlining the investigation into the death of Daniel Whitworth.

In response to the questions raised by Ms Persaud, the CCTV was checked but yielded no useful footage. The note was compared to Daniel Whitworth's handwriting in a diary and also shown to his partner and his father. I have found no record of the sheet being submitted for examination, so have to conclude this was not done.

Kind regards,
Rolf

Dear Ds Schamberger,
As discussed on the phone, please find attached the questions Senior Coroner Ms Persaud would wish to be answered at the inquest tomorrow with regards the death of Mr Whitworth.
Could she have a separate report with regards the investigation into his death please.
Kind regards

Hi Jayne,

The file of Whitworth contains a police overview relating to Gabriel Kovari. Whilst it refers to Daniel Whitworth, it provides no detail around the investigation into Whitworth's death. Did they check cctv when DW was found? Did they check the handwriting was his? Did they examine the bed sheet that he was wrapped in?
