Sean,

Please read and digest!

- In essence- I'm really unhappy about this as a system of work.
- I think the concept of advice is flawed and would not stand scrutiny-
- My position on this is that we push for a PIP 3 accredited SIO whenever there is any possibility of a homicide- not just ask for advice!We do not have such detectives on Borough!

To be discussed

AE

Sirs,

Please find attached the CSR in relation to the deceased male - Mr WALGATE.

A number of officers from MIT 7 attended and provided a lot of assistance in completing enquiries. DI Andrew KELLY (MIT22) is available over the weekend should further assistance be required.

Regards,

ADI Eugene MCCARTHY
