I am the above named person and I reside at an address known to police. I have lived here for around 3 years and I did live here with my partner, Daniel WHITWORTH. This statement is what I know about Daniel's life since I have known him.

Daniel and I met in August 2010. We started talking on social media site which I think was 'Lads Lads' which is a site where gay people can chat and meet up. Daniel was on holiday in Margate with his mum, I lived in Margate at the time. We decided to meet up. We seemed to get on well and met on two occasions. Daniel then went back home to Gravesend. Daniel was working in Northfleet as a chef at the time. When he went back he was working that evening, after work I text him and we agreed to meet up. For the next three (3) to four (4) weeks I came up to Northfleet to see him every weekend. From October 2010 Daniel started to come down to Margate every weekend and during the week I might go and see him once.

In September 2011 Daniel moved into [REDACTED] [REDACTED] [REDACTED] [REDACTED], Gravesend and I moved in with him. Daniel was a nice person; he would do anything for me. He was cheerful and enjoyed cooking. Daniel was a sensitive person and could be easily upset at times. He was very good at hiding his emotions. Daniel did have a bit of a dark side and earlier in our relationship was violent to me on a few occasions but he got professional help for this and over the last couple of years, things have been fine between us.

Daniel's main passion is cooking so spent a lot of time practicing at home. He also liked walking, cycling and playing computer games. When I first met Daniel I thought he did drink a lot and was

arrested and charged for this and received a Community Order. The only other time he was in trouble was when he assaulted me.

Daniel was on Facebook and Twitter; they are the only social media I know him to have.

During July and August I went out several times with work and on a couple of occasions I stayed with a colleague. The last time I went out was the 22 August and this was one of the nights I stayed away. Daniel told me he was getting some beers that night.

On 27 August, Daniel had left for work as normal and we were texting until about (0630) hours. I do not get signal at work so we were facebooking each other until around 0730 hours. From my texts it seems that I had a busy day. I do not have any more messages from him that day so I am pretty certain he would have been at home when I got home at around 1645 hours.

I did not have any suspicions that Daniel was using any other social media sites while he was alive but when he died I looked at his apps on his Microsoft account and there was an app called KIK messenger. His profile name on this is Dannyboy5902 and the photograph on his profile is recent.
