

T/DC Adeyemo-Phillips received the following information:

At 1710hrs, I received a phone call from Thierry Amodio, Gabriel Kovari's ex boyfriend, who told me that he had just be contacted by Gabriel's brother - Adam and he was told that another friend of Gabriel called Daniel had dead.

He mentioned that he has been getting messages on face book from Gabriel's friends in UK, who were worried that they had no heard from him.
He mentioned that a friend of Gabriel called "Jon Luck" had messaged him on face book, telling him about the Special party the Gabriel was attending at a secret location in Barking with another friend called Dan.

Thierry Amodio mentioned that this Jon Luck lives in Dagenham and Gabriel was at Jon flat in Dagenham on the 26th August 2014. He mentioned that Gabriel travelled to Kilburn Park to meet a male called "Tony Fairy" believed a pub manager in Kilburn Park. Jon Lock was aware that Gabriel, Dan and Tony Fairy travelled in a cab to the special party in Barking.

Thierry Amodio mentioned that Gabriel met most of the people through a mobile phone application called "Grinder" and all his contact people would still be on his mobile phone.

Thierry Amodio stated that Jon Luck, still have Tony Fairy contact number on a piece of paper that Gabriel left at his flat.

Jon Luck didn't know Dan personally but he had spoken to him on the phone.

I have completed some IIP checks around all the names above, Jon Lock and Tony Fairy there appears to be no information for these people. That can help with any enquiries at present. Yinka has emailed a link to Jon Lock's Facebook

At present I cannot see how we can progress this until tomorrow. Where this can be reviewed and further intel possibly gained on these parties if necessary from Open Source and MIB.
